

SHERIFF'S DEPARTMENT AND DISTRICT 6 DRUG TASK FORCE COMBINE FORCES TO BATTLE DRUG CRIMES IN GRADY COUNTY

Combined law enforcement has netted a large Meth Lab in Grady County. Sheriff's Investigators along with District Attorney's Investigators conducted an investigation over an extended amount of time of an individual bringing in large quantities of pseudoephedrine to manufacture meth in the western part of Grady County. According to the Investigators, large quantities of meth were being produced at this residence by this individual for quite some time. For several weeks Investigators built a case with enough evidence to obtain and execute a search warrant for the residence and apprehend the individuals involved in the manufacturing process. A search warrant was obtained through the District Attorney's office and executed by the Sheriff's SRT team. While entering the residence, team members recognized items associated with methamphetamine manufacturing. After clearing the house, task force officers dismantled the lab for disposal and collected evidence. The bust netted approximately 7 pounds of methamphetamine liquid in addition to firearms being recovered from the property. Timothy Edward Dehart and Patricia Dian Dehart were arrested for Aggravated Manufacture of CDS (methamphetamine), possession of controlled substance and possession of a firearm while in commission of a felony offense.

As of January 4th the District Attorney's Office and the Sheriff's Department are teaming up together to combat drug crimes in Grady County. District Six Drug Task Force has a small group of experienced experts in the field of narcotics but with the combined forces of local Police Departments and Sheriff's Department, this force will combat narcotics in Grady County for years to come. The criminals should be in fear of what has been unleashed by the Citizens of Grady County. District Attorney Jason Hicks is making good of his word on combating drugs and prosecuting criminals in his district. Grady County is very proud to be a part of that team.
