

**SHERIFF'S DEPARTMENT ARREST AND FILED ON 5 INDIVIDUALS AND ARRESTED  
5 OTHERS ON WARRANTS IN A BURGLARY RING IN GRADY COUNTY**

The Sheriff's Department just concluded an investigation into a burglary which occurred during the month of October 2011. The investigation centered on a residential burglary in which numerous firearms were taken; an estimated value of over \$8000. Investigators believed that Jessica Steele (a house cleaner for the victim) unlocked a window for Bradley Moore. On October 19, 2011 Johnny Simmons burglarized the residence along with Kenneth Farley and Lisa Morris taking 12 firearms from the residence. The suspects drove to Oklahoma City to sell or trade the firearms for cash and drugs. One of the firearms was given to Bradley Moore for helping in the deal. Chickasha Police recovered one of the firearms on an unrelated call, returning it to deputies.

The victim in this case was an exemplary example of cooperation with law-enforcement by working closely with investigators by supplying information and leads to a final conclusion of the arrest and charges being filed against 5 individuals; Johnny Simmons, Kenneth Farley, Lisa Morris, all have been jailed with charges in relation to this burglary. Charges on Jessica Steele and Glen Furra are pending. During this investigation 5 others were arrested for outstanding warrants. All these individuals have been linked to other crimes outside of the Grady County area; and additional are facing charges in other jurisdictions. It cannot be stressed enough, that such cooperation between victims and law-enforcement working as a team, results in the best conclusion for victims of crime. Staying alert, recording serial numbers, photos of valuables, reporting strange vehicles; all add to effective investigation and making arrests on those individuals that want to break in to your homes, stated Sheriff Art Kell.
